

OATS DISCOUNT SCHEDULE

Your oats are weighed and sampled upon arrival. They are then graded for moisture, shrink, test weight, and foreign material. All calculations are made using this information based on gross bushels. A copy of the scale ticket will be given to you at the time of delivery.

We reserve the right to reject oats on the basis of quality to preserve the quality of the other oats in storage. We will be responsible for maintaining oats in good condition and to insure it against loss. Discounts are subject to change without formal notification. All discount changes will be posted on the effective dates.
