Your wheat is weighed and sampled upon arrival. It is then graded for moisture, test weight, dockage, foreign material, damage, shrunk & broken, vomitoxin, musty, infected, and insects. All calculations are made using this information based on gross bushels. A copy of the scale ticket will be given to you at the time of delivery.

We reserve the right to reject wheat on the basis of quality to preserve the quality of the other wheat in storage. We will be responsible for maintaining wheat in good condition and to insure it against loss. Discounts are subject to change without formal notification. All discount changes will be posted on the effective dates.
